AB Cement articles are flame-spray coated with a powder paint
contg. thermoplastic resin and pigments, and an optional artificial
colored aggregate selected from sand, Fe alloy grains,
garnet grain, steelmaking slag, and/or alloy making slag. Thus, a
concrete product coated with a paint contg. 95 wt.% sapond.
ethylene-vinyl
acetate copolymer and 5 wt.% pigment showed high weatherability, chem.
resistance, and wear resistance.
ST flame spray painting concrete article; ethylene copolymer coating
concrete; vinyl acetate copolymer coating concrete
